

# Owen Wang

## Senior Fullstack Web Developer

I'm a seasoned professional with 6 years of experience in Fullstack Web Development and Software Architecture. My focus lies in Node.js and React.js, specializing in Typescript. I excel in various roles and offer extensive expertise in different area:

Full-stack Development: Proficient in both front-end and back-end, delivering end-to-end solutions.

Software Architecture Design: Skilled in creating robust and scalable software architectures.

Database Design: Adept at crafting efficient and well-structured databases.

Project Management: Experienced in planning and executing successful projects.

Team Leadership: Capable of leading and motivating teams effectively.

DevOps: Proficient in seamless integration and deployment pipelines.

Customer Support: Committed to delivering exceptional client experiences.

UX Advocacy: Passionate about creating user-centric designs.

Problem Solving: A dedicated problem solver with an innovative mindset.

## Technical Expertise:

Languages: JavaScript (ES6-9), Typescript, async programming, Lodash, JQuery.

Node.js: Express.js, Koa, Mongoose, Sequelize, Knex.

React.js: Redux, Saga, Ant Design, Material UI, SCSS, LESS.

Frameworks: Meteor.js, Sails.js, Next.js, Slate.js.

Testing & Code Quality: Jest, Mocha, Chai, ESLint.

Automation: CI/CD (CircleCI, Github Actions), Ansible, Docker, AWS CloudFormation & CDK

Custom Development: CMS, E-commerce, animations, responsive design.

Front-end: HTML (Pixel Perfect), Figma, Photoshop, Sketch.

Project Management: Agile, Kanban, Jira workflows, roadmap planning.
